

PARENT/GUARDIAN'S AUTHORIZATION:

**Covid-19 Policy:** We strive to keep our camps at the “lowest risk” level based on CDC recommendations. If any campers meet for in-person activities (e.g. insect collection events), all campers will remain at least 6 feet apart and not share objects. We will target having a maximum of two camp counselors, 4 campers, and 4 parents present at any outdoor Bug Camp activities. All campers are responsible for bringing their own snacks and water bottles.

We encourage at least one parent to remain at the scene when we meet for these short periods of in-person activity. If it is not possible for a parent to remain with their campers during our collection periods or any other outdoor activities, and employees need to have any physical contact with their children, the employees are not liable for any potential contraction of Covid-19. Further, due to the circumstances, our virtual camp does not have any insurance coverage. When the camp occurs on Willow Bend property, our camp has complete insurance coverage, however this will not be the case for the bug camp sessions of 2020.

We promote behaviors that reduce spread. All parents and campers should remain home if anybody in the family has been exposed to a person with a known case of Covid-19 or if anybody in the family is experiencing symptoms. Employees and campers shall stay home if they have tested positive for Covid-19. Even though the in-person activities will be conducted outside, we still encourage face masks, although they are not required. We especially recognize that children may not be capable of comfortably or properly wearing face masks. We will encourage frequent hand-sanitizing throughout our in-person gatherings.

With all this in mind, we cannot provide **any** guarantee of complete safety from Covid 19. If a camper has close family members or friends who are in a high-risk category for contracting the virus, we suggest they not attend any of the in-person activities that might occur during the Hybrid Bug Camp.
